

AKASH S

Frontend Developer | React.js Developer | Web Developer

Avinashi, Tirupur | 7339256732 | akashakii17s@gmail.com | www.linkedin.com/in/akashaki17s | [Portfolio](#)

Professional Summary

Results-driven Frontend Developer with 2+ years of experience building high-performance, responsive web applications using React.js, JavaScript, and modern CSS frameworks. Proven expertise in developing scalable component libraries, optimizing user interfaces for multiple devices, and integrating complex REST APIs. Skilled in Agile methodologies with strong problem-solving abilities and collaborative spirit. Seeking to leverage technical expertise and innovative mindset to deliver exceptional user experiences.

Technical Skills

Frontend:

React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Responsive Design, UI/UX Implementation, Performance Optimization.

Backend:

Node.js, Express.js, REST APIs, API Integration.

Tools & Platforms:

Git, GitHub, GitLab, VS Code, Netlify, Npm, Webpack.

Database:

MySQL

Methodologies:

Agile Development, Git Workflows, Component-Based Architecture, Cross-browser Testing.

Professional Experience

Frontend Developer

Nanosoft Solutions | June 2024 – Present

- Architected and maintained scalable React.js applications with modular component structure, improving code reusability by 40%.
- Designed and built 20+ reusable React components following best practices, reducing development time by 30% on new features.
- Integrated multiple REST APIs using Axios and implemented robust error handling, improving data fetching reliability.
- Implemented fully responsive UI across desktop, tablet, and mobile devices using Tailwind CSS and media queries, achieving 100% cross-device compatibility.
- Optimized application performance through code splitting, lazy loading, and bundle size reduction, decreasing initial load time by 25%.
- Debugged and resolved 50+ UI bugs and usability issues, maintaining code quality and user satisfaction.
- Used Git and GitLab for version control, branch management, and Collaborative development.

Frontend Developer Intern

Emed Hub | Feb 2024 – May 2024

- Developed responsive web interfaces using React.js with a focus on user experience and mobile-first design
- Implemented advanced filtering and search functionality, enabling users to query large datasets efficiently
- Developed responsive web applications using React.js and JavaScript.
- Built reusable UI components following component-based architecture.
- Integrated REST APIs for dynamic data rendering.
- Implemented advanced filtering, search, sorting, and export functionality.
- Improved UI responsiveness across desktop, tablet, and mobile devices.
- Fixed frontend bugs and enhanced user experience based on QA feedback.
- Collaborated with senior developers to deliver production-ready features. Improved overall usability and user experience by implementing accessibility standards and responsive design patterns

Professional Highlights

- Architected reusable React component libraries, reducing code duplication and development cycles
- Successfully integrated 15+ REST APIs into production applications with proper error handling and data validation
- Consistently delivered responsive, mobile-optimized interfaces with 95%+ test coverage
- Proficient in Agile workflows using Git version control, code reviews, and continuous integration practices

Education

Master of Computer Applications (MCA)

Bharathiar University, Coimbatore | 2025 – Present

B. Com (Accounting & Finance)

Kathir College of Arts and Science | 2020 – 2023

Certifications & Continuous Learning

Full Stack Development Certification
